

If you are a veterinarian, you are considered to be an “expert” about animals. This includes knowing what breed an animal is. This activity will help you learn to recognize some of the many different breeds of animals.

Animal Breeds I Discovered

	Dogs	Cats	Cattle	Horses	Sheep	Your Choice
Breed 1						
Breed 2						
Breed 3						
Breed 4						
Breed 5						
Breed 6						

Speak & share...

What breeds could you already identify? What breeds did you learn about?

What breeds of animals have you owned?

Think & write...

Why do veterinarians need to learn about animals' breeds?

What things help you tell one kind of breed from another?
