

MY PROJECT GOALS

Name: _____

My animal's name: _____

Species: _____

Breed: _____

What I want to do and learn in Veterinary Science Level 1:

1. _____
2. _____
3. _____
4. _____
5. _____

Whaddya know?

Here's a way to see how much you learn this year. Begin each statement "I know how to..." then circle 1 (not at all), 2 (somewhat) or 3 (very well).

	Before	After
Identify at least 3 breeds of each major species of livestock and companion animal	1 2 3	1 2 3
Describe animals' basic needs	1 2 3	1 2 3
Explain the different roles of animals	1 2 3	1 2 3
Name the body's systems and their organs	1 2 3	1 2 3
Identify 5 different behaviors in animals	1 2 3	1 2 3
Name and describe the functions of nutrients	1 2 3	1 2 3
Name and prevent 3 common threats to pets in homes	1 2 3	1 2 3
Calculate simple medicine dosages	1 2 3	1 2 3
Explain how disease can spread among animals	1 2 3	1 2 3
Describe 5 tools veterinarians use	1 2 3	1 2 3
Identify 3 skills needed to be successful as a veterinarian	1 2 3	1 2 3

Veterinary Science Project Highlights

Date and list the exciting things you do and learn:
